

Bits & Pieces #13

This is from the Pensacola Chapter Newsletter, the PMOAA Beacon. President; CDR William Milheim, USN (Ret) and Editor RADM Joan Engel, USN (Ret.). Again, I'm going to have to not copy and paste because it's the concept, not the actual article, that's important.

In each issue of the Beacon they have been presenting a short biography of each of their WWII members. It's called "Member Spotlight". It's a great way to get background information on members that others might not know. Other members often find common bonds, like being in the same place or flying the same plane, etc. We notice that quite a few other chapters are doing the same thing; some are doing a bio on each new member that joins, others just randomly highlight members so all can get to know them. Works especially well with large chapters.

Bits and Pieces is a collection of odd bits and pieces of news that I glean from chapter newsletters. The idea is to pass those items along to other chapters if we think someone else might be able to use them. If we trade our useful bits and pieces around, we can all get better and stronger. If you have something your chapter has done that you think others might be able to use, please contact me at dccalusa@comcast.net or (239) 542-5627 and I'll pass it along.
