~MISSION STATEMENT~

- ***Halifax Area Chapter is an affiliate of the Military Officers Association of America.***
- ***Our mission is to maintain a strong national defense and preserve the earned benefits of the uniformed services and their families.***

President's Message

Andrew (Drew) Hoffman, Capt., USAF (Ret).

Welcome and a very Happy New Year to everyone. I am humbled and honored to serve as your chapter's President in 2024! As you are all aware, I cannot guide our chapter without the assistance of a strong team.

I thank you for providing me with the following volunteer leadership: Don Needham, 1st Vice President; Casey Lancaster, 2nd Vice President; Tina Dixon-Barlett, Secretary;

Lon Gardner, Treasurer; Patti Higgins, Surviving Spouse Liaison; David Wheel, Newsletter/Web Master; Jon Bateman, Membership Chair; Glenn Harmon, Awards Chair; Directors – Kim Ramos, Skip Keating, and Steve Maas; Bancroft McKittrick, Immediate Past President. New members of the Board of Directors were installed or reconfirmed at our December Holiday Gala. Congratulations, welcome, and thank you to these volunteers.

It is my intention to continue using two critical chapter tools to keep us strong and moving forward. These two documents: Chapter Planning Guide and Chapter Action Plan have been critical to our prior successes and will guide us into the future. They will also provide you with easy-access tools to keep you abreast of where we are and where we are going. If you see (or don't see) something in error or missing, please email or call me with your input. These documents will be generated during the planning sessions of the January Board of Directors meeting. A first draft is included later in this Officers Call.

Finally, if you haven't noticed, the Halifax River Yacht Club informed us in November that they had no choice but to raise the cost of our meals to keep up with inflation. The new cost is \$27.00 per meal for the regular luncheons through the first half of 2024. The HRYC will negotiate the second half of year 2024. Please don't let this small increase in price be the reason you don't attend our luncheon meetings – our chapter can only remain active if you participate in the meetings and activities. If you haven't attended a meeting recently, why not make every attempt to join your fellow officers at the next meeting.

Together, let's work towards making the Halifax Area Chapter of MOAA a strong organization and advocate for all our veterans.

NEVER STOP SERVING! Drew

Largest Pay Raise in 2 Decades Part of Final Defense Authorization Bill

DECEMBER 12, 2023

Updated with details on House passage.

By [MOAA's Government Relations Team](#)

The final conference report on the FY 2024 National Defense Authorization Act (NDAA) includes the largest pay raise for servicemembers in two decades and addresses more than a dozen key MOAA priorities, including TRICARE improvements and increased support for military families.

The [3,000-plus-page report](#) was released late Dec. 6. The bill passed the Senate Dec. 13 by an 87-13 margin and passed the House 310-118 on Dec. 14, and now moves to the president's desk [for signature](#). The NDAA would authorize \$886 billion for DoD and national security elements within the Department of Energy; for comparison, the FY 2023 NDAA authorized [\\$816.7 billion](#).

The authorization still requires appropriated dollars from Congress, with deadlines of Jan. 19 and Feb. 2 approaching for the current "laddered" [continuing resolutions](#). Appropriations must pass to prevent the next government shutdown and fund the NDAA.

MOAA's focus on the NDAA is to protect the pay, benefits, and quality of life for servicemembers past and present, as well as their families and survivors. We engage Congress year-round to advocate for our community on the Hill and through our [Legislative Action Center](#).

Here's a look at what's in, and [what's out](#), of the final report in terms of MOAA priorities:

TRICARE

Pharmacy network report: Senate report language directs the Comptroller General to review the beneficiary impact of TRICARE pharmacy network cuts, including effects on rural families; compound medication access; long-term care residents; and patients with chronic conditions, including children with rare complex conditions as well as cancer patients. MOAA will leverage this information as part of ongoing efforts to reverse pharmacy network cuts.

Partial TRICARE fixes: MOAA has long advocated for legislation to ensure TRICARE evolves with changing technologies, treatment protocols, and commercial plan benchmarks. We appreciate efforts to address some of these parity issues in the FY 2024 NDAA but strongly oppose excluding beneficiary segments, including non-DoD services (Coast Guard/U.S. Public Health Service/NOAA) and uniformed services retirees and their families, from TRICARE coverage updates. We appreciate Congress did not include partial benefit expansions in the final bill.

To ensure TRICARE coverage is comprehensive and up to date for all beneficiaries, Congress must find a solution to the direct spending impacts associated with funding health care for a sliver of the beneficiary population – without cutting TRICARE or reducing other military benefits and resources as an offset. Allowing TRICARE coverage to continue to lag benchmarks not only betrays our Nation's obligation to those who have earned the benefit, but it also

raises the risk that servicemembers, retirees, and their families – key influencers in the recruiting process – will be less likely to recommend military service to current and future generations.

Pay and Allowances

The NDAA includes a 5.2% [pay raise](#) consistent with the Employment Cost Index (ECI). It's the largest boost since a 6.9% increase in 2002.

Other compensation-related NDAA measures tracked by MOAA include:

- Family Separation Allowance (FSA) update: The bill would allow the monthly FSA to increase from the current \$250 up to \$400, with recommendation on further increases included in each Quadrennial Review of Military Compensation (QRMC) for presidential consideration.
- Improved CONUS COLA: Servicemembers in areas of the continental U.S. with non-housing costs 5% higher than the national average would be eligible for a cost-of-living allowance – down from the current 8%.
- Bonus authorization for junior members: The bill would create a bonus system for E-6s and below for 2024 that the secretary of defense can use when “prevailing economic conditions may adversely affect an eligible member.” This would be awarded as a percentage of their pay.
- BNA modification: The bill authorizes service secretaries additional flexibility in determining eligibility for the Basic Needs Allowance, which has yet to reach anywhere near the number of servicemembers who could benefit from the assistance.

Guard and Reserve

- Incentive pay improvements: The legislation would modify DoD's certification requirement for full special and incentive (S&I) pay parity for reserve-component members – instead of reporting a blanket approval, each S&I pay will be evaluated individually.
- Parental leave parity: The NDAA would allow parental leave for the duration of up to 12 inactive-duty training periods during the one-year period following the birth, adoption, or long-term foster placement of a child.

Housing

- Improved BAH calculation: The bill would remove Basic Allowance for Housing calculation requirements for servicemembers E-1 to E-4. These requirements adversely affect final BAH payments.
- Housing working group: The legislation would establish the Military Family Readiness Working Group for Military Housing, a group tasked with recommending ways to improve awareness and promotion of accurate and timely information about military housing, as well as accommodations available through the Exceptional Family Member Program (EFMP) and other support services. It would also be asked to find ways to enhance collaboration among policy makers and targeted beneficiaries.

Military Families

- Non-medical counseling services: The bill would allow mental health professionals at any location to provide non-medical counseling services to military families anywhere in the U.S., including Washington, D.C., and U.S. territories.
- Impact Aid increase: The bill would provide \$50 million in assistance to local educational agencies and \$20 million for local educational agencies with higher concentrations of children with severe disabilities.
- Improved surviving spouse benefits: The bill would open commissary and exchange privileges to remarried surviving spouses.
- Student loan deferment for dislocated military spouses: The bill would allow military spouses who become unemployed as a result of a PCS move to defer federal student loan debt for an aggregate period of 180 days without interest accrual.
- Better FMLA eligibility: The bill would ensure veterans or retirees with at least 12 months of “honorable” active services who transfer to federal employment are covered under FMLA upon hiring.

The Fight Continues

While the NDAA addresses many MOAA priorities, a number of long-held goals did not make the final version. Here's a quick update on where those priorities stand as the year ends, and what you can do to urge your lawmakers to push further toward the finish line in 2024.

- [Concurrent receipt for combat-injured veterans](#): For two years in a row, two-thirds of Congress has supported the Major Richard Star Act ([H.R. 1282](#) | [S. 344](#)). Even the new House speaker and the Senate majority leader, representing different parties, support the legislation, which would reverse an unjust offset requiring these combat-injured retirees to give up a dollar of DoD-earned retirement pay for every dollar of VA-provided disability benefits they receive. This level of support across Congress represents an opportunity for inclusion in the next NDAA as we approach a contentious election year.
- [BAH restoration](#): The BAH Restoration Act ([H.R. 2537](#) | [S. 1823](#)) would restore the housing allowance to cover 100% of housing costs (It was reduced to 95% in 2019 as a cost-saving measure). BAH cuts increased the burden on our servicemembers and families. In addition to continued high rates of military spouse unemployment, skyrocketing housing costs have outpaced BAH, leaving many military families struggling to make ends meet.
- [Arlington eligibility](#): Although a report is expected in March on the “next Arlington National Cemetery,” growing support for [H.R. 1413, the Expanding America's National Cemetery Act](#), is still needed to ensure a long-term solution is included in the next NDAA to prevent an eligibility reduction.
- [Dental care for reservists](#) ([H.R. 4220](#) | [S. 2046](#)): The dental health of Selected Reserve servicemembers is a readiness issue, and enhanced coverage would allow National Guard and Reserve members to maintain their dental readiness without incurring out-of-pocket costs. The Dental Care for Our Troops Act would establish zero out-of-pocket cost dental care for reserve component servicemembers – a timely initiative as the active component relies on the Guard and Reserve to keep pace with [deployment operational tempo](#).
- [‘180-Day Rule’](#): The Retain Skilled Veterans Act ([H.R. 939](#) | [S. 334](#)) would repeal the mandatory six-month cooling-off period for servicemembers to apply for DoD civilian positions (GS-13 and below) and support DoD civilian talent management. Most servicemembers can't wait six months to secure a job after retirement. The current rule is particularly frustrating not only for officers who want to continue to serve, but also for members of our skilled non-commissioned officer corps who have exceptional technical skills and the security clearances to go with them.

“The Military Officers Association of America (MOAA) is the country's leading organization protecting the rights of uniformed service members and their families. MOAA's constituents proudly hail from every branch of the uniformed services. To them, we have made the same promise that they have made to their country: Never Stop Serving. MOAA's greatest mission is to improve the lives of those who serve and their families, which is achieved largely through the tireless advocacy efforts taking place in our nation's capital. For more than 90 years, MOAA has supported legislation that benefits the uniformed services community and has remained equally vigilant when fighting to stop legislation that threatens our livelihood. The larger our numbers, the greater our voice.”

Coins on Veterans' Headstones – What Do They Mean?

Have you ever been in a cemetery & noticed coins laying on a headstone? A coin left on a headstone lets the deceased Veteran's family know that someone stopped by to pay their respects.

A **penny** means you visited. A **nickel** means you & the Veteran trained at boot camp together. A **dime** means you & the Veteran served together. A **quarter** is very significant because it means that you were there when the Veteran died. If

you leave a coin, please read their headstone & recite their name to honor their service & sacrifice for the freedom we cherish.

The tradition of leaving coins on the headstones of military men & women can be traced as far back as the Roman Empire. Soldiers would insert a coin into the mouth of a fallen Soldier to ensure they could cross the "River Styx" into the afterlife. In the US, this practice became common during the Vietnam war due to the political divide over the war. Leaving a coin was seen as a practical way to communicate that you visited the grave, rather than contacting the Soldier's family which could devolve into an uncomfortable argument over politics. Another tradition is leaving "challenge coins" by fellow Veterans who served in the same unit.

According to tradition, the money left at graves in National and state Veterans Cemeteries is collected & the funds are put toward burial costs for indigent Veterans.

Today was National Wreaths Across America Day. Halifax MOAA (Military Officers Association of America, Daytona Chapter), participated in this event. Two thousand wreaths were laid next to each departed Veteran gravesite at Lohman's Cemetery on Bellevue Avenue. The Civil Air Patrol Cadets conducted the ceremony and Color guard. The cadets were an impressive group of youth who reminded us to cherish our freedom because our Vets made this possible. Even our weather (light drizzle) cooperated with this mission. All wreaths were respectfully laid. Skip Keating
